

For anyone who is looking for an extended warranty on their Highlander (or any other model Toyota), this document contains information for the most highly recommended extended warranty dealers in order to save you lots of time online searching. I am only including contact information since quotes are an individual thing and vary according to many factors. If you would like to recommend a person or dealer based on your experience for inclusion in this document, or if you find information that is outdated and needs correction, then by all means send me a private message with all the pertinent contact information. Remember, costs will vary, and this document is simply a guide. Shop around!
